Watch more audio stories at Donathis Activity Ask students to believe a number using ducks and adult ducks. Once a student has chosen several ducks and adult ducks to paste their pond, then complete the prayer at the bottom of the pond to indicate how many ducks in total. This activity is a pre-addition activity that represents parts of a number. It is designed to allow students to choose their own numbers and is differentiated. Advanced students can choose to complete more than one duck pond in a given APage 3A template for infant garden teachers, first, second anddegree to create your own memory card game for teaching or check common fractions.
