You can acquire these weapons through your in-game progress and by purchasing them with your gold. By wearing leaf items, you will gain a slight boost in speed when compared to other items, however, your power would be reduced. For units that are wearing ice items, their enemies are slowed, and sometimes, freeze from the cold. On the other hand, lava items feature the power of the mighty volcanoes which burn your enemies and repel some of the damages back to them.Born from the Chaos, Vamp items make your units immune to poisonous damages as well as allow them to steal life force from enemies. Moreover, the items also release a powerful blast of energy upon any approaching enemy. And lastly, the savage items, made from the bones and skins of the powerful beasts, the items grant their wearer extreme power and resilient so they can charge into the enemy's line like a savage warrior.Fun and exciting zombie modeAnd speaking of savage items, you will find them extremely useful when dealing with the endless swamps of zombies in the Endless Survivor mode. The comic cinematic intros make the game extremely exciting with their impactful art styles. This allows players to catch up with the game's progress while staying relaxed.Acquire the Crown of Inamorta in the campaign modeYour main missions in the single player mode would be to expand your nations to the surrounding lands of the Inamorta where neighboring states constantly wage wars against another. Each faction comes with their own styles of technology and military, choose the ones that suit your styles.Advance on the map on your journey to look for the legendary Crown of Inamorta and delivering peace to the land, once and for all.Completely free with our version of Stick War LegacyIf you download your Stick War game from Google Play, you'll likely to be bothered by numerous ads as well as the compulsory in-game purchases.
